Staff

- Teacher to student ratio is 1:12
- Faculty are committed professionals and love our students.
- All of our teachers have universities degrees, some at the Masters level.

I am thrilled to welcome international students to Moncton Christian Academy and to the world-class city of Moncton. Our caring, qualified and gifted teachers and our emphasis on caring for every one of our students help to

differentiate us. Our academic program is set up to maximize the academic potential of each student and our small class sizes help us to give the individual attention needed for them to succeed. As has been the case for 31 years of my career as Principal of MCA, you have my personal commitment that we will love, develop, provide structure, and educate all of our students - as I would do so for my own children. We are big family and I hope that you will consider us for your international school in Canada!

INTERNATIONAL PROGRAM

Moncton Christian Academy offers a vibrant, caring, nurturing and highly academic program for students who want to study on the East Coast of Canada. Students needing additional English language assistance are educated and cared for by qualified and loving professional ESL staff and quickly feel comfortable in our small, caring environment.

International students will find acceptance, care, a non-threatening social and academic environment, and wonderful east-coast hospitality. MCA offers international students small classes and the ability to grow and develop at a very comfortable pace.

International students are fully integrated into regular academic classes and have the option of special ESL instruction as per their individualized educational plan. As well, after-school tutoring is available for all international students.

A comprehensive guidance program tracks students and assists them with one-on-one counseling for university applications, scholarship applications, and other preparation. All students graduating from MCA are equipped and encouraged to apply to universities throughout Canada and the United States.

ESL

MCA ESL Program is integrative and individualized. Students are assessed and placed so that they will be

successful in their academic and social lives. The program includes tutoring in reading, written and conversational English, as well as academic vocabulary. MCA employs teaching methods that combine traditional classroom instruction with interaction, innovation, and individual tutoring. ESL labs, concentration exercises, and practical learning experiences (field trips, student clubs, athletics, and other extra-curricular activities) all supplement the learning of English effectively.

MCA's ESL Program specifically assists students to use spoken and written English to gather, interpret, and communicate information; to establish and maintain relationships; to make decisions, solve problems and plan/carry out projects; and be fully prepared for university success.

Homestay

While studying at MCA, students are invited to be part of the MCA Homestay Program where they will be immersed in English through family living, and cared for by screened/MCA-approved homes located within minutes of the MCA campus.

Students are welcomed from all corners of the world to experience life in a Maritimes hub city recognized worldwide for its hospitality, and famous for family values that reflect what MCA is all about.

ESL SUMMER CAMP

It is MCA's goal to equip students with the highest level of academic preparation, to enable them to reach their full potential.

WHY CHOOSE MCA?

- MCA is the only K-12 private school in the greater Moncton area.
- A small school community allows for students to receive one on one attention.
- Members of our school, and community, come from diverse multicultural backgrounds.
- We believe that the partnership between the school and the parents helps students to grow personally and academically.

MONCTON CHRISTIAN ACADEMY SEEKS TO:

- provide each individual student with advanced academic training.
- foster a family-like and wholesome Christian atmosphere.
- serve as an extension of the family home - to care for students holistically.
- to assist in preparing our young people to function effectively and successfully in today's society.

TESTIMONIAL

As a child, I attended MCA (Grades 1 - 12). My time at MCA was nothing short of exceptional as the education I received truly prepared me for success as I moved on to University and subsequently into the workforce. I was consistently challenged in my pursuit of education at MCA which allowed me to develop excellent study habits as well as excellence of character. My teachers were always encouraging and available to me, and I always felt like I not only had adequate

time one on one with my teachers, but also knew that the teachers and staff cared about me as an individual. The combination of excellence in academics and character development gave me the foundation to be successful in my professional life, where I now have ownership in two growing businesses in addition to being a Director at a professional services company that serves the international legal market. I believe in MCA so much, that I also have my own children enrolled there where my 13 year old son is in 8th grade and my 10 year old daughter is in 5th grade. They have both been attending MCA since Kindergarten and I am now seeing the same development in academic excellence and character that I experienced myself over 20 years ago so I am confident that they will be well prepared for the future.
